AMBASSADORS

Get paid to make a difference at your school.

As an SIP Ambassador, you'll represent NCMIC on campus with a simple purpose: connecting your classmates with free tools that actually help them prepare for life after chiropractic school. It's flexible, rewarding, and a great leadership opportunity.

What's in it for you?

- \$100/month stipend, in exchange for 3 hours of your time each month
- All expenses paid annual retreat during the first quarter of the year
- Real professional development opportunities led by industry experts
- Network with chiropractic students and doctors from across the country
- Free swag and branded merchandise
- Grow leadership and communication skills

What you'll actually do:

Spread the word about two free programs your classmates genuinely need.

- [Bucks for Boards](#), an award program where students enter to win \$1000 to use towards boards, rent, groceries, wherever they need extra help. It takes 60 seconds to enter, with no essay or GPA required.
- [Starting into Practice](#), a free resource hub to help students navigate post-grad life, whether they want to start their own practice, buy a practice, or associate.

Represent NCMIC at on-campus events like Homecoming, Vendor Days, and our Starting into Practice Workshop.

Follow and engage with NCMIC's two student focused accounts: [@NCMIC_SIP on Instagram](#) and [@StartingIntoPractice on LinkedIn](#). Share a few posts a month with your audience; no need to create content from scratch.

Stay connected with the team through our dedicated Microsoft Teams channel, monthly newsletter, and quarterly check-in.
